Dear Shareholders:

I thought we would have more to update on the filings, but will have to wait until next week. Things are moving forward, we are just waiting for some paper work so the accountants can finish the audits.

Our campaign that was launched was a huge success! In six days we sold over 300 units and are on track to do over 200 orders per day.

We will be updating everybody next week, once we have more news.

Have a Great weekend.

Sincerely,

Jorge Bravo
